

Announcement
Resumption of Consular Service Hours
From 21 February 2022

In compliance with the local public health measures to loosen some restrictions related to COVID-19, the Royal Thai Embassy will resume normal hours of consular services from 21 February 2022 onwards.

However, as the number of COVID-19 infections still remains high, **all applicants (except for passport and document retrievals) are requested to provide a negative Antigen test result on the day of their appointment until further notice.**
